## **AXIOM**

Delicate and airy, floral and playful, clear and illustrious: The wallcoverings from the AXIOM collection bring a natural feel-good atmosphere to your home with their textile surfaces and finely crafted designs. With soft colours such as beige, gold, light grey, pigeon blue and pastel green, the interplay with Scandinavian-inspired designs will turn any wall into an eye-catching feature. Robust colours such as anthracite, olive green and steel blue also create a chic ambience. Small shimmering particles in gold and silver make the walls even more radiant. And us too.
